Instant Science Club Refill Packs

Refill packs contain all of the consumable items for 10 pupils*. So if you purchase an Instant Science Club pack for 20 pupils the first year, you will only need to buy 2 of the Refill packs to run the club again the following year. (Note - these packs do not include any instructions - or any of the non-consumable items.)

You may also find Refill packs useful if you run 2 or more science clubs for different groups of children (but in the same age range) - e.g. on different days of the week, or on alternate weeks. For example, to run 3 clubs with 15 children per session you would need to order an Instant Science Club pack for 15 children and 3 Refill packs.

*Note - Refill packs for other numbers of children are also available. Please contact us for a quote.
